

## Lawrence Singer Watcher Notes 10-31-2012

Reported at 8:30 am as Watcher to CU University Club Early Voting on behalf of the Issue Committee *No to 52*. Reported to Lead Judge Vanessa to get my Watcher badge and also signed certificate for Marilyn Ackerman as a Watcher for the Issue Committee to Pay City Council Members for 52 Meetings.

9:30 am I reported to Judge Jerry that the sign posting the 100 foot rule was too close to building out front. We went outside and Judge Jerry said, "that's where I was told to put it. In a multi-use building the 100 feet is from the entrance to the room." I informed him that was not my understanding.

10:15 am- I reported to the 33<sup>rd</sup> St. Clerk's Office and signed in as Watcher for the Issue Committee *No to 52*. I asked Mary Beth who was Iola Freeland? Mary Beth looked around the Clerk's office area and said Iola was not there and asked me why. I told her I noticed most of the UOCAVA emails had been forwarded from Freeland.

I asked Mary Beth if a Supervising Judge was available and assigned for me to communicate with. Mary Beth said for me to address questions to her as a Lead Judge, although acknowledged that questions and complaints are never answered.

10:25 am Signature Verification Room - Asked about large yellow envelopes and informed they are email ballots. Worker then asked Mary Beth, "Are they supposed to be here with these ballots? Referencing me.

The following signatures I Challenge and would like to have reviewed by a bi-partisan team.

| Workstation | Time    | Elector         | Batch            |
|-------------|---------|-----------------|------------------|
| 4           | 10:37am | Debbie Mushanor | 2 UOCAVA Ballots |
| 4           | 10:39   | Jacob Hays      |                  |
| 4           | 10:41   | Karl Mathews    |                  |
| 4           | 10:45   | John Christian  |                  |
|             |         |                 |                  |

I requested access to other Signature verification room and denied.

10:45am I left the Signature verification room and witnessed two male Workers leaving the opening and sorting area with three clear plastic envelopes with what appeared to be completed ballots. They exited the double light wood doors and down back stairway. And saw going down stairway. One was husky, 6' tall and bald and returned five minutes later with one clear envelope of what appeared to be blank ballots. Both males I identified and took pictures of the next day working outside. I brought the incident to the attention of Mary Beth and she gave me no explanation.
