

Lawrence Singer Watcher Notes 11-3-2012

Reported at 12:00 PM to the Ballot Processing Center, 1750 33rd St., Boulder, CO as Watcher on behalf of No to 52. Signed certificate for Bonieta Smith as Watcher for the Issue Committee to Pay City Council Members for 52 Meetings. Assigned to Amy Christianson, from the Motor Vehicle department, who said she was the "Watcher's Watcher."

Observed signature verification room where flagged signatures were being analyzed. I witnessed the following signatures which need to be challenged:

Workstation	Time	Elector	Status
	1:35pm	Benjamin Litney	Voided
	1:36	Lianna Bodin	Accepted
	1:37	Paula Jean Carlson	Denied
	1:40	Joseph Stephenson	Accepted
	1:41	Margaret Plaichard	Accepted
	1:43	Nicole Lee	Accepted
3-4	1:45	Chloe Heller	Accepted
3-4	1:49	Stephanie Burke	Accepted
3-4	1:50	Jennifer Wert	Accepted

1:51 pm at station 13, Election Worker doing ballots that came up with notice on screen, "voter record could not be verified" and changed 3 ballots to accepted.

Asked our contact person Amy questions of activity going on in first signature verification room. She was unable to answer my inquiry of what the white forms workers sorting vs. the yellow forms I witnessed at the CU Early Voting location. Workers were comparing these white forms against lists.

2:05 pm I asked Molly Tayer about the status of the numerous ballots given to electors that I witnessed at the CU University Club Early Voting location where they were told they were sent a mail-in ballot and then given a new ballot. I asked, "when is it checked that they are not casting two ballots?" Molly replied, "It gets voided out immediately."

Departed at 2:20 pm.
