

**DEMOCRATIC PARTY CANVASS BOARD APPOINTEES PUBLIC STATEMENT REGARDING
CERTIFICATION OF THE BOULDER COUNTY 2012 GENERAL ELECTION**

November 25, 2012

The Boulder County Canvass Board has completed the steps and procedures required by statute and summarized in the Certification letter to the Colorado Secretary of State, Scott Gessler, for the 2012 General Election in Boulder County.

We, Paul Geissler and Patricia Feeser--Democratic Party Appointees to the Canvass Board, are satisfied with the Official Abstract of Votes presented by Clerk and Recorder, Hillary Hall, and her Election Staff for this General Election. We are confident the Abstract of Votes coupled with the extensive documentation and thorough explanation provided to the Canvass Board by Clerk and Recorder and Staff provide us an accurate summary of the registered voters, ballots issued, cast and counted and are within the standards laid out in Colorado State law for both the County-wide and Precinct-level tallies.

We also are satisfied that there were no voter complaints received by the Canvass Board that fall within the jurisdiction of the Canvass Board to investigate and resolve.

We, therefore, will certify the Official Abstract of Votes for the General Election held in Boulder County on the 6th of November 2012.

We wish to thank the County Clerk and Recorder, the Clerk's Office Staff, and the scores of citizen volunteers and temporary workers for their dedication, diligence, and non-partisanship in putting in thousands of hours of labor to make Boulder County's election process transparent, fair and conducted in a way that should make all of Boulder County's citizens proud. It has been our honor to represent the Boulder County Democratic Party and to work with the elections staff and volunteers in this process.
