Brief INTRO chords: Asus --> Am  
 Em9 --> Em

The primary chords are: Am Cmaj7 Em

A good lead position begins at Fret #6, where the next four spaces are for each of your four fingers. The notes shown work just fine for playing leads against the Am Cmaj7 & Em chords.

Experiment to find pleasing runs as the three chords move along. The first two charts (4 frets, 4 fingers each) for practicing lead notes around all three main chords [O = play Open string]:

O		FRET #6
